

# Discover Cumberland Caverns

## Visit the Local Land Down Under!

Cumberland Caverns is Tennessee's largest show cave and a U.S. National Natural Landmark. The cave displays some of the largest underground rooms and most spectacular formations in America. Currently, 32 miles of the system have been documented.

Discover family fun every day through guided tours which set out every hour on the hour during regular business hours. During this hour and a half tour, you will travel through some of the largest cave rooms in the eastern United States. The lit pathways wind through the caverns' famous large formations, waterfalls, and cave pools. Each tour is highlighted by a light and sound pageant which is a dramatic retelling of the creation story. Visitors are inspired by the awesome formations and spectacular sites.

Discover something unique in our Underground Ballroom - the "Volcano Room", which seats 500. ***This is a great place to reserve for banquets, weddings, birthday parties, catered meals, and corporate events.*** The Volcano Room is the home of Bluegrass Underground, a monthly concert series recorded for WSM radio and streamed worldwide through their website at [www.wsmvonline.com](http://www.wsmvonline.com). For more information on Bluegrass Underground, visit [www.bluegrassunderground.com](http://www.bluegrassunderground.com).

Discover adventure on a daytime or overnight spelunking adventure trip into untamed portions of the caverns. Groups from 10 to 250 can experience what caving is all about. Every

step and each turn is a new discovery for you. Uncover the vast historical and geological significance of the caverns and more. Groups are fitted with helmets and head lights and are led through wild caving routes of crawling, climbing, and squeezing. All you have is a flashlight and your own determination. You can proudly say: "I came, I caved, I conquered!" They even have a **campground** set up in the caverns for those of you daring enough to spend the night – complete with plumbing and electric outlets.

Cumberland Caverns is located just off of Hwy. 8, six miles southeast of McMinnville. For more information call (931) 668-4396 or visit online at [www.cumberlandcaverns.com](http://www.cumberlandcaverns.com).
