

# Discover Cumberland Caverns

**Bluegrass Underground** is one of the most exciting things happening in the Fall Creek Falls region. Teddy Jones, Manager of **Cumberland Caverns** in McMinnville, TN is jamming to bluegrass, country, classical and all types of musical genres year round. The Burckhard family recently had a chance to listen to some fantastic music by Mountain Heart, as well as their opening act - Carrie Hassler and Hard Rain. Over 400 people were there to

enjoy the various stringed instruments and talented vocals blend into their harmonious melodies. *Bluegrass Underground* has become a great monthly family venue that can be enjoyed anytime of the year due to the stable temperatures in the cave. *Bluegrass Underground*, the popular monthly series, is also available in recorded segments for WSM radio and streamed worldwide through their website at [www.wsmonline.com](http://www.wsmonline.com). For more information about the concert schedule and information about special events, visit *Bluegrass Underground* at [www.bluegrassunderground.com](http://www.bluegrassunderground.com).

The Cave, one of Tennessee's largest show caves and a U.S. National Natural Landmark, displays some of the largest underground rooms and most spectacular formations in America. Currently, 32 miles of the system have been documented. Discover family fun every day through guided tours which set out every hour on the hour during regular business hours. During this hour and a half tour, you will travel through some of the largest cave rooms in the eastern United States. The lit pathways wind through the caverns famous large formations, waterfalls and cave pools. Each tour is highlighted by a light and sound pageant which is a dramatic retelling of the creation story. Visitors are inspired by the awesome formations and spectacular sites.

Discover adventure on a daytime or overnight spelunking adventure trip into untamed portions of the caverns. Groups from 10 to 250 people can experience what caving is all about. Every step and each new turn is a discovery for you. Uncover the vast historical and geological significance of the caverns and more. Groups are fitted with helmets and head lights. They are led through wild caving routes of crawling, climbing, and squeezing. All you have is a flashlight and your own determination. You can proudly blog about this adventure and say: "I came, I caved, I conquered!" They even have a campground set up in the caverns for those of you daring enough to spend the night – complete with plumbing and electric outlets.

The Underground Ballroom – the "Volcano Room" which seats 500, is a great place for a wedding, birthday party, special event, or corporate event and can be catered. Cumberland Caverns is located just off of Hwy. 8, six miles southeast of McMinnville. For more information, call (931) 668-4396 or visit online at [www.cumberlandcaverns.com](http://www.cumberlandcaverns.com).
